Onboarding Settings

Mixpost Enterprise allows you to configure the register Onboarding process according to the specifics of your business:

1. Go to "**Enterprise Console**" (left-bottom user menu)
2. Click on "**Settings**" (left sidebar)
3. Here you will see the "**Onboarding**" tab item. Click on it.
4. Made the changes.
5. Save changes by clicking on the "**Save**" button.

What your customers see when they try to register:
